To ACTION AGAINST HUNGER

Addis Ababa

Subject: ICT Officer – Maternity Cover-Addis Ababa

I am writing to apply for the new vacancy as an ICT officer in your organization, I saw your vacancy form Ethiojobs. I recently graduated from Salale University with a Bachelor's degree in Computer Science, achieving a **CGPA of 3.34** and an **exit exam result of 67%**. My academic background, coupled with hands-on experience in various school projects, makes me a strong candidate and helps me to get on with any new tasks.

My role as Huawei ICT Academy Ambassador at Salale University and my internship at the Amhara Bank head office have equipped me with valuable professional skills. Additionally, I was honored with a certificate of appreciation for my final year project, which involved developing an online job portal system.

I am a dedicated learner, always eager to take on new challenges and grow professionally. I am confident that my technical skills and proactive attitude align well with the goals of your organization. Any references and documents will be provided when requested.

Thank you for considering my application. I look forward to the opportunity to discuss how my background and skills can contribute to your team.

Sincerely

Nathnael Wondwosen
